

LABOR AND SUPPLY BUREAU SERVICE

Help Of All Kinds Can Be Supplied By This Bureau

Plenty of help now available. Do not go without it if you need it. Ask us for assistance. It is a pleasure to serve you.

We have located dried corn, dried apples, squashes, potatoes, onions, and hay for you, but you'll have to hurry.

We have a number of young ladies who would like work in stores or offices.

To show their appreciation of the efforts of the Bureau in adjusting labor conditions in the county, the Amalgamated Sugar Company dropped \$350 into our depleted treasury last week, followed by \$100 by Logan City and \$50 by the West Cache Sugar Company. Cache County had already contributed \$800 and the Utah Power and Light Company, \$50. The Bureau wishes to extend its gratitude for these liberal recognitions of its efforts. Next!

Ten cents per capita per year would run the Bureau so it could operate without cost to either employer or employee, and also do much to assist along the lines of seedling and marketing.

When Congress convenes next month it will be asked to give the Food Administration the same authority over retailers that it now exercises over wholesalers. England is now regulating the prices over not only food but over all commodities. The result is that prices excepting for butter and eggs, are lower there than here. The principle on which the British government acts is not to fix maximum prices on any food commodity until it is in a position to control the whole supply from the field of production to the counter.

High as prices are, it may be some consolation to know that they are still below the Civil War records: sugar then sold for \$58 a barrel; rice at \$31.33 a barrel; tobacco at more than double the present price, and tea at over \$100 for a 25 pound chest as compared with the present price of about \$20; coffee was then four times as high as at present.

While complaining of food scarcity, it is well for us to know how little food others have:

The German ration contains only 41 hundredths of a pound of body-building protein as compared with 1 pound and eight hundredths in a standard ration. The German ration is not sufficient to maintain bodily health and vigor, but the civil population in the occupied districts of France and Belgium have to exist on even less than this. Our lessons in self sacrifice have only begun.

NOTICE TO BICYCLE RIDERS

The City Commissioners feel that the ordinance fixing the bicycle restricted districts in Logan City, has been passed long enough so that every one is acquainted with it and from now on the ordinance will be strictly enforced.

By Order of the Board
of City Commissioners.

"Make It a Red Cross Christmas," is to be the recruiting slogan of the committees from every Red Cross organization throughout the country in a nation wide drive for 15,000,000 members of the Red Cross during the week beginning December 17.

SCHOOL CHILDREN ARE BEHIND THE RED CROSS WORK

Have Given Their Time In Wrapping And Packing Of Parcels

Once more the people of Logan and Cache County have demonstrated their generosity of heart and readiness to give comfort and good cheer to our boys in khaki who are fighting so bravely for the freedom of humanity and the principles we hold dearer than life itself.

More than 200 Christmas packages have been received by the Logan Chapter of the Red Cross and shipped to Denver headquarters for the soldiers in European trenches.

While this gift making is a purely patriotic service it has also been a lesson in practical patriotism for the school children who have been among the most generous givers and enthusiastic workers in the cause of bringing a thought of Christmas to the boys so far from home.

The teachers of the Logan public schools have been even more zealous in the good work. Besides aiding the children of their respective classes by deed and suggestion in the selection of gifts, they have given generously of their time in the packing and wrapping of packages that were purchased with the money so freely donated by the citizens of Logan.

The Girls' Clubs and Sororities of the two colleges have also done their bit gladly and efficiently.

A prompt and free response was made by the business men to the request for cash donations which proved to be adequate and ample to meet the allotment levied on the local chapter.

The number and sources of the Christmas packages are as follows:

Y. M. and Y. L. M. I. A.—20 packages.

Logan Relief Societies—10 packages.

River Heights First Ward M. I. A.—3 packages.

Providence Schools—4 packages.

New Jersey Academy—3 packages.

Kappa Nu Girls of B. Y. College—21 packages.

Priestly Literary Club, B. Y. College—2 packages.

Clio Circle—2 packages.

Junior High School—23 packages.

Whittier School—17 packages.

Benson School—14 packages.

Woodruff School—37 packages.

Ellis and Card Schools—4 packages.

Webster School—4 packages.

Seventh Grade of the Training School—2 packages.

North Logan Schools—3 packages.

Providence Schools—7 packages.

River Heights School—2 packages.

Made from Card Donations 58 packages.

NOTICE

All subscribers to the recent Liberty Loan should bear in mind that there is due and payable on the 15th of this month the 18 per cent of their subscription in accordance with the government plan and the monthly payment of \$5.00 and \$10.00 respectively on the collateral note plan.

This is a matter that should receive the prompt and careful attention of all subscribers to the Liberty Loan.

Just Wanted One Look.
Dorothy went to spend a few days with her little cousin, but got home sick before night. Her aunt's house, though really only in the next block, seemed a good way off to Dorothy. She had a good time playing with her little cousin for awhile, then she said to her aunt: "Aunt Mary, if you'll please take me home and let me look at mamma for a minute I'll come right back with you."

Be patriotic. Join us for a meatless and wheatless day. Come in and try our special menu for today. Always good at Murdock's.

SECOND DRAFT FOR SOLDIERS IN FEBRUARY

Classification Will Begin On December 15. Citizens To Help

WASHINGTON, Nov. 12.—President Wilson formally put the new machinery for the carrying out of the selective draft bill into operation with the publication of the foreword he has written to the regulations under which the second call will be made. The regulations themselves and the questionnaires, which more than 9,000,000 registrants will be required to fill out, are being forwarded to local boards, but have not yet been made public.

War department officials estimate that the whole process can be completed within sixty days. This means that no second call will be made on the draft forces before the middle of next February, as the period for classification will not begin until December 15.

The president describes the new plan of dividing all registered men not already mobilized into five classes, subject to military service by classes, as being intended to produce "a more perfect organization of our man power."

"The selective principle must be carried to its logical conclusion," the president said, "and he added that there must be made a complete inventory of the qualifications of each registrant in order to determine 'the place in the military, industrial or agricultural ranks of the nation in which his experience and training can best be made to serve the common good.'"

The inquiry projected in the questionnaires will go deep into the qualifications of each of nearly ten million men. The success of the plan and its completion within the estimated time rests on the whole hearted support given by the people, especially by the doctors and lawyers of every community, and the president calls upon them for that unstinted aid.

CERTAIN-TEED 'DOING ITS BIT'

"The government has used some of the Certain-teed Products Corporation's materials at every one of the 68 army camps in the United States.

When the government's call came the Certain-teed Products Corporation was able to answer, "Ready for service."

For years the manufacturers of Certain-teed products have rendered prompt and efficient service to their customers throughout the world. Their distribution embraces scores of factories and warehouses, located to supply quickly every section of America. The plants on the east coast take care of England, France and South Africa and the plants at Richmond, California, supply Australia, China and Japan.

When the government wanted materials for army camps and wanted them at once, the Certain-teed organization was equipped "to do its bit" quickly and efficiently.

All the army camps know how well Certain-teed filled its quota. The world has come to recognize the name Certain-teed as a standard of quality and service. The stress of war needs has proved that its reputation is well earned.

Mr. J. Charles Rice, of the Certain-teed Products Corporation is staying at the Hotel Eccles for a few days.

Mr. Rice is an architect in the service of the Certain-teed Products Corporation who has seen and used Certain-teed products in Australia, China, Japan, Hawaiian Islands, where Certain-teed roofing stands the test of the most trying climates on the globe.

Mr. Rice will be glad to give the benefit of his technical advice to any

XMAS PARCELS FOR EUROPEAN SOLDIERS

Is The Plan Of The American Red Cross Association

A Christmas parcel for every American soldier in Europe and a Red Cross Seal on every parcel, is the plan of the American Red Cross. Letters to that effect have gone out from the National Headquarters of the Red Cross to all the Chapters. The little Christmas stamps bearing the sign and the name of the Red Cross work of the Red Cross, through the various anti-tuberculosis societies in nation, state, and community.

Parcels intended for the soldier boys in Europe must be mailed not later than Nov. 15th. On that account the rules have been changed so that the Red Cross Seals may be sold before that date. The Seals will soon be on sale in every part of the state. In the meantime they may be ordered in any quantity from the state seal manager, Frank W. LeClere, 120 East First South Street, Salt Lake City, Utah. The price is \$1.00 per hundred, 1c each.

BOULDER HERE ON SATURDAY

One of the most critical games of the season in the Rocky Mountain Conference will be played on Adams Field next Saturday when the Colorado University griders clash with Coach Watson's Aggie wild cats.

Coach Evans is bringing a fast bunch from Boulder with him, and as they are in line for the Conference Championship they are determined to take the Utah Farmers scalp back with them.

Last Saturday they took the U. of Utah to the cleaners and the score was 19 to 9 in Boulder's favor. They won from Colorado College, 18 to 17 and are after us strong on the 17th of this month.

The Boulder boys seem to be the strongest in the last part of their games so the Aggies will have a real fight from start to finish to retain the present place they have the honor of being in.

Watson's men have never been in such good condition since the beginning of the season and all of the boys will probably be in the game.

Admission to the game will be as follows:

Adults 90 cents, war tax 10 cents.
High School students, 45 cents, war tax, 5 cents.
Children, 22 cents, war tax 3 cents.
Automobiles to side lines 68 cents, war tax, 7 cents.

Watch for the U. A. C. Football Booster at the game. The Booster which is edited by the Be-No Club, will be better, larger and funnier than ever this year.

Twitcheh, Mohr, Jarvis, Cannon and Stiefel are all being considered for all Rocky Mountain Conference men.

Conference teams are beginning to consider our little Aggies at last.

Lolo Spencer and Percy Hansen will probably be in next Saturday's game.

The Big Be-No Football Booster will contain cuts and dope of both teams.

of our citizens who are interested in Certain-teed roofing, paints and varnishes.

Complete warehouse stocks are carried in all big cities. At Salt Lake City, the offices of the Certain-teed Products Corporation are in the Walker Bank Building, and the Certain-teed warehouses are at 327-329 West Second South.

FUNERAL FOR MR. SPACKMAN AT RICHMOND

Consoling Remarks Were Made To The Bereaved Relatives

RICHMOND, Nov. 12.—Funeral services over the remains of Mr. Eliza Spackman were held in the opera Thursday, and the following speakers testified to the sturdy and honest character and the good and humble life of the deceased: W. L. Skidmore, Lewis McCarey, E. Spackman of Lewiston; August S. Schow, and George O. Webb.

Many beautiful flowers adorned the casket and many sympathizing friends were in attendance.

Mr. Spackman was born in Burbage, England, about 64 years ago. He came to Richmond in 1882 and the first eleven years was in the employ of the late Herschel Bullen. He leaves a wife and twelve children, three sisters and three brothers. His first wife preceded him to the other side about twenty-two years ago.

The immediate cause of Mr. Spackman's death was nervous collapse which has been gradually coming on for some years. His son Bert Spackman who had been drafted and was at the training camp at American Lake, was permitted to attend the funeral and he is yet visiting here with relatives and friends before returning to camp.

Mr. David Smith Jr., and family have moved to Sugar City where Mr. Smith will be in the employ of the sugar factory. Mr. Cy Lewis will occupy Mr. Smith's vacated home here.

The following Red Cross members are added to our list: Mr. C. L. Funk, Mrs. Eli Webb, Miss Elvera Johnson, Mrs. C. H. Anderson, Miss Zina Johnson, Miss Margaret Anderson, Mrs. Cora Webb, Mrs. William Anderson, Mrs. A. L. Harris and Mrs. Florence Swendsen, increasing the roll to fifty-five members.

Mrs. Irwin Stoddard entertained at dinner last Sunday in honor of Miss Inez Maughan and Miss Katherine Anderson.

Mr. Roe Harris and Mr. Edward Webb have gone to Omaha in the interest of the cattle business. They are shipping cattle from Ashton to Omaha.

Mrs. William Harris entertained the Sego Lily Club at her home on Thursday last.

Mrs. Phoebe Dahle and husband, are pleased with the arrival of a fine son.

Also Mr. and Mrs. W. W. Brown of California, had a new son arrive.

Mr. and Mrs. S. F. Thomas are happy over the safe arrival of twins a boy and a girl.

Mr. and Mrs. Roscoe Stoddard have received to their home a fine baby boy. Mrs. Stoddard and babe are at the hospital in Logan.

Mr. and Mrs. Ray Van Noy are somewhat alarmed over their eleven months old baby girl who swallowed an unclosed safety pin last week. No alarming symptoms have as yet been noticed.

Last Friday evening Mr. Lisle Thompson who has been ailing for about a year, passed peacefully away after having suffered considerable at different periods during that time, and also having passed through one operation. His trouble was caused from abscesses forming and breaking in the bowels, causing decay of different parts of the intestines. Lisle was a highly respected young man of our community and many are the real friends who mourn his loss. The constant anxiety of his parents and brothers and sisters during his illness, has been noticed by their many friends, with much sympathy. The funeral services were held Monday in the opera house.

Election day passed by very quietly, the Democrats winning out by a small majority.

Miss Irene Nelson entertained the Keyting Club at dinner last Sunday. Mr. Bert Spackman was the guest of honor.

RAILWAY COLLISION AT COLORADO

Three Young Men From Logan Were Killed— Many Injured

Three soldiers were killed and sixteen others injured Monday morning at about 5:30 o'clock at Cotopadi, Colorado, when the third section of a troop train of the Rio Grande railroad collided with the second section.

More than 600 soldiers were on the train traveling East from Salt Lake City. The cause of the wreck is not yet known.

The number of injured were Sergeants Lee Tarbet and Lewis Edwards; privates William M. Egbert, R. S. Carlson, Seymour Howell, Ralph Schriber, V. S. Martin, Ralph Taylor, Frank Hardin, Claud Cutliss, and J. Huff.

William Egbert and R. S. Carlson were reported to be seriously injured while the others received cuts and bruises.

Guy B. Alexander, Clayton B. Preston and Fred T. Whothouse, were the three young men who were fatally injured.

DENTISTS REPAIR WAR'S RAVAGES

Speakers Tell How The Jaw- bones And Teeth Are Replaced

SALT LAKE, Nov. 12.—Jaws of soldiers shot in the trenches are being repaired with all of the skill at the command of dentists of the allied nations. Jawbones smashed by shrapnel; cheekbones shot away with dum dums, and even teeth torn out by high powered pistol balls, are being repaired so perfectly by modern dental surgery that the ordinary eye can scarcely detect the ravages of the bullets, according to the astonishing testimony of returning delegates from the American Dental Association.

Utah was represented at the annual meeting of the national dental body by Drs. J. F. Christiansen, A. De Nike and E. S. Springer of Salt Lake City, and Dr. W. G. Ruckelbrod of Logan.

Besides listening to clinics and demonstrations of late systems of dentistry the four Utahns were proud to report that Utah had kept abreast of any of the states in the number of men who had been sent to the front, whose teeth were the only bar to their enlistment. Many men had been treated for defective teeth, whose services would otherwise have been lost to their country.

Thirty-five per cent of the dentists of the country have given their services to the country since the war began.

Meatless And Wheatless Days

Logan Hotels And Cafes Will Respond To Mr. Hoover

The economy program is to begin with meatless Tuesday, continue to wheatless Wednesday and conclude with chopless Friday. The restaurants and hotels are responding to Herbert Hoover, food economy beginning next week in Logan.

Only one week more will the people in Logan enjoy meat on Tuesday, wheat bread for Wednesday and chops for Friday. During next week Logan is to have its first real touch of war time economies.

Meatless Tuesday is to include all beef, mutton or pork. Game and other forms of meat, except veal, will be obtainable on Tuesdays.
